## TRIPLE VOTES FOR HUSTLERS BETWEEN NOW AND FEB. 17th

Eight New Candidates Enter  
Register's Popular Ladies'  
Voting Contest. First Count  
of Votes Published Here-  
with.

Here is the standing of the candidates—the ballot box was turned up side down for the first time at noon today—thousands of votes poured out for the score or more of popular candidates. They were carefully counted by the contest editor and the candidates are today given credit in the paper for whatever have been polled in their favor since the beginning of the contest.

Now, candidates, crack the whip! Here's your chance!

Do your best, the very best that is in you. Gather in your promises. Look over your memorandum book in which you have written names of persons who told you they would give their subscriptions later on.

See the new vote schedule that appears herewith. Starting Monday, this new schedule of votes will remain in effect until Saturday, Feb. 17th, at 8 p.m. Then this liberal offer will close, and will never be repeated. The Register says so, and it is law.

### Equal Consideration

Nor will those who have turned in subscriptions since this, the beginning of this good natured battle of votes, suffer for their early energies. They will be given ballots for the subscriptions which they may have already turned in, according to the new schedule that will remain in effect for the next nine days. This is giving every candidate who started in the first day or two of this campaign, or who only starts today, an equal chance.

### Study Now Schedule

Look over the new vote schedule that will remain in effect until Feb. 17th, at 8 p.m. And don't merely look over it and pass it by. Make a careful study of it, and keep studying it until you realize the importance of making the next ten days of this contest ten days of hustling from sunrise to sunset. You can gather more votes between now and Feb. 17th than you can after Feb. 17th until the end of the contest.

### The Big Vote Days

The contest editor does not say what will be done in votes after Feb. 17th, but this increase in votes will be changed and it will be surprisingly lower than it is now. Vote rates will decrease from now on, they will never be higher; this, the Register promises you.

These are the BIG VOTE DAYS. Just think of it, triple votes, more votes by far than you will ever get again for new one, two and five year subscriptions to the Daily Register. And this is just what you want to impress on those who have promised you a subscription "later on." Tell every one of these people that their subscription NOW will count more than it ever will again. Ten days of real live campaigning will mean more to you than all the remaining days of the contest.

You can roll up a vote now big enough to insure ultimate success on March 16th. At least these big vote days are, without a doubt, the backbone of your campaign, and when the contest comes to a close and the judges call out the names of the nine most popular women in all Orange county, and the winners of the most handsome and expensive prizes ever offered by a newspaper in this section, this is what you'll say: "Well, I have to thank those especially who gave me their subscriptions during the big vote days, those were the subscriptions that did the trick."

### The Roll of Honor

Hereafter votes will be counted daily at 9 a.m. and published in the Register the evening of the same day. Ballots cast after 9 a.m. will not be counted or published until the following day. So be sure and get your ballots in before 9 o'clock in the morning if you wish the contest editor to publish them the same evening.

Now, candidates, here is a test. We are going to see how many of you can reach the 75,000 vote mark by Saturday night, Feb. 17th. All those who succeed in reaching the 75,000 vote mark by Saturday, Feb. 17th, will be placed in the "Roll of Honor," and the general public will get a better idea as to who are enthusiastic and who to vote for. If you wish to figure in this happy race for the E-M-F 30 touring car or one of the other valuable prizes, you should do everything in your power to accumulate enough votes by Feb. 17th to have your name appear with the hustlers.

Candidates will be allowed to increase the amount of polled votes which they now have in the paper to the extent of 75,000 up to Saturday, Feb. 17th. This applies only to votes polled on subscriptions, and they may poll as many votes clipped from the paper as they can gather without restriction, and they will be added to the total each day.

This does not by any means imply that contestants cannot secure as many subscriptions as they please between now and Feb. 17th. If you are lucky enough to get more than 75,000 votes on subscriptions, by all means do so, and you will have plenty of time to cast them after Feb. 17th.

## Eight Subsidiary Prizes Awarded to Vote Leaders on March 16th

Recognizing the value of the Register's campaign of expansion—expansion for all of Santa Ana's business interests, as well as for the paper's circulation,—quite a number of the business and educational institutions are co-operating in a most substantial and efficient manner with the Register in its great popularity and efficiency contest.

Those exhibiting this public spirit and enterprise are:

**The Orange County Business College,** offering two scholarships of the value of \$65.00 each, total value of \$130.

**Horton-Spurgeon Furniture Co.**, beautiful set of Dining Room Furniture (extension table, six chairs and buffet) in fumed oak, value \$87.50. This handsome set of furniture may be seen in the model dining room window of the Horton-Spurgeon Furniture Co., 301 East Fourth St., Santa Ana.

**J. H. Padgham & Son, jewelers,** Diamond Ring, value \$80. This beautiful ring is on exhibition in J. H. Padgham & Son's window at their beautiful new store, (NEW LOCATION) 106 East Fourth St.

**J. R. Dean, manager of the White Sewing Machine agency in Santa Ana,** White Sewing machine, value, \$80. This machine can be seen at Mr. Dean's office, 304 North Main street, Santa Ana.

**Orange County Conservatory of Music,** three \$20 scholarships good in any department, value, \$60.

**A TOTAL VALUE IN SUBSIDIARY PRIZES OF \$427.50 TO BE AWARDED IN ADDITION TO THE AUTOMOBILE.**

The first choice of these six prizes will be awarded to the contestant having the second highest vote, the second choice to the contestant standing third in the list, and so on down.

Nations Notified and Invited

### CONDITIONS FOR FAIR ARE FULFILLED BY BAY CITY

Fillipinas Set Aside Handsome  
Sum for Exhibit at the  
Exposition

WASHINGTON, Feb. 3.—President Taft has issued an official endorsement of and invitations to the Panama-Pacific Exposition. Copies will be sent to all foreign governments. President Taft's proclamation is as follows:

"By the President of the United States of America: A proclamation Whereas, in conformity with the conditions of a joint resolution of Congress authorizing the President to invite foreign countries to participate in the Panama-Pacific Exposition to be held in 1915 in San Francisco, satisfactory proof has been presented to me that a suitable site has been selected, and that \$15,000,000 are available to inaugurate and carry forth the exposition to celebrate the completion and opening of the Panama Canal. Now, therefore, I, William Howard Taft, President of the United States, do hereby proclaim that such an international exposition will open in San Francisco in 1915, and do hereby invite all nations of the earth to participate in the commemoration of this event of great interest and importance to the world, by appointing representatives to the exposition and sending exhibits attesting to civilization's progress. In testimony whereof I set my hand and seal and cause the seal of the United States to be affixed to this proclamation."

That on said 14th day of November, 1911, said members constituting said Board of Education, in a meeting purporting to be a meeting of said Board of Education and said High School Board, by resolution adopted by the votes of said members of said Board of Education, called an election for the purpose of voting bonds in the following amounts, to-wit: \$25,000.00 for the grammar schools for the city of Santa Ana; and \$200,000.00 high school bonds.

That said election was called for the 14th day of December, 1911, and that on said last named date said election was held, and by a vote of two-thirds of the electors in the city of Santa Ana, said bonds were voted on.

That thereafter said Board of Education of the City of Santa Ana through its president and secretary certified the proceedings had on said bond election by said Board of Education, to the Board of Supervisors of Orange County; and said Board of Supervisors thereupon, by resolution adopted the form of bond to be used for said \$25,000.00 grammar school issue, and \$200,000.00 high school issue, and advertised the same for sale.

That by said resolution said Board fixed the time of sale for said bonds for Wednesday, February 7th, 1912. That notice of said sale has been given by publication in the Evening Blade, for the sale of \$50,000.00 worth of said high school bonds, and unless restrained by order of this court said Board of Supervisors will proceed with the sale of said high school bonds in the amount of \$50,000.00 and that thereafter the same will be signed by T. B. Talbert, who is the president of said Board of Supervisors, and by W. B. Williams, as County Clerk of Orange County and ex-officio Clerk of the Board of Supervisors, and Cal. D. Lester, as County Auditor—and each of them, be restrained and enjoined from signing any bonds sold by said Board of Supervisors as a bond issue for the Santa Ana High School District.

Therefore, plaintiff prays that said defendants and each of them be restrained from proceeding with the sale of \$50,000.00 worth of said high school bonds in accordance with its notice of sale, and that said defendants, T. B. Talbert, as president of the Board of Supervisors, and W. B. Williams, as County Clerk of Orange County and ex-officio Clerk of the Board of Supervisors, and Cal. D. Lester, as County Auditor—and each of them, be restrained and enjoined from signing any bonds sold by said Board of Supervisors as a bond issue for the Santa Ana High School District.

And plaintiff prays for such other and further relief as the court may deem just and equitable.

Attorneys for Plaintiff.

### Wording of Complaint In the Injunction Suit

In the Superior Court of the State of California, in and for the County of Orange.

Robert McFadden, plaintiff, vs. T. B. Talbert, D. S. Linebarger, H. E. Smith, Jasper Leck and Fred Struck, as members of the Board of Supervisors of Orange County; W. B. Williams, as County Clerk of Orange County and ex-officio clerk of the Board of Supervisors; and C. D. Lester, as County Auditor of Orange County, defendants.

Plaintiff complains of the defendants, and for cause of action alleges:

1. That plaintiff is a citizen of the United States and a resident of the city of Santa Ana, Orange county, California, and the owner of property in said city, which said property is assessed to plaintiff, and upon which property plaintiff is a tax payer, paying taxes on the said property to the said city of Santa Ana.

2. That the defendants, other than W. B. Williams and C. D. Lester, constitute the Board of Supervisors of Orange county, California.

That said W. B. Williams is County Clerk and ex-officio clerk of the Board of Supervisors, and Cal. D. Lester is the County Auditor of said Orange County.

That said election was called for the 14th day of December, 1911, and that on said last named date said election was held, and by a vote of two-thirds of the electors in the city of Santa Ana, said bonds were voted on.

That by said resolution said Board fixed the time of sale for said bonds for Wednesday, February 7th, 1912.

That notice of said sale has been given by publication in the Evening Blade, for the sale of \$50,000.00 worth of said high school bonds, and unless restrained by order of this court said Board of Supervisors will proceed with the sale of said high school bonds in the amount of \$50,000.00 and that thereafter the same will be signed by T. Anaheim Business Men Plan to Get After Extension of P. E.

New Enterprise Started by A. U. W. Co. Cause of Considerable Speculation

ANAHEIM, Feb. 3.—A strong sentiment is developing among local business men toward starting some active steps to secure an extension of the Pacific Electric's projected new line from Santa Ana to Orange, on through to Anaheim and possibly to Fullerton. According to information received here, it has been definitely settled that the new line will be built as far as Orange in the immediate future, and it is believed that with proper effort and the offer of cooperation on the part of local citizens they could secure the extension to this city.

Anaheim business men are not at all eager about securing direct electric connection with Los Angeles. The two steam roads give a good service, and it is felt that more accommodation in that direction is unnecessary. Local business men are very anxious, however, to secure connection with the other towns of the county, and are willing to contribute liberally toward such an end.

There has been talk during the past few days as to the advisability of calling a mass meeting to take up the matter of securing a right of way, and such other concessions as the railway officials may ask. Fullerton will probably be asked to join in the movement, with the idea of securing a line which will connect the northern and southern systems of the P. E. in Orange County.

#### Negotiations Still on

Representatives of the Los Angeles concern which has been looking into the proposition of establishing a chinaware factory here were down yesterday for a conference with the committee from the Board of Trade having the matter in charge. The first proposition submitted by the company was unsatisfactory to the local people, but at the last meeting a better understanding was reached, and it is now thought that the chances for the success of the project are good.

#### For River Protection

The committee which has in charge the promotion of additional work on the river bed in the vicinity of Olive, to prevent overflow in this section, is busy and is meeting with ample encouragement. It is planned to strengthen and extend the levee which was built last year, and which proved of great value. During the past few days the committee has been working in the Garden Grove district, which is interested in the work, and has secured the promise of cooperation there. The city trustees have agreed to give material aid in the way of furnishing teams and equipment, and it is also expected that some assistance will be secured from the supervisors. By means of the work which has been done it is projected a large territory will be protected from the danger of overflow.

All arrangements are completed for the indoor fair and society circus to be given at the Opera House during the week beginning Monday, under the auspices of the local lodge of Moose. The interior of the large auditorium in which the affair is to be held has been handsomely decorated and strung with a profusion of lights, and will present all the appearances of a carnival scene. A number of vaudeville attractions have been secured which it is guaranteed will be of high class, and there will be something in the way of entertainment going on every minute. It is planned to set apart different nights in honor of the Moose herds in neighboring cities, and a large attendance of outsiders is looked for.

Mr. and Mrs. Harvey Garrison and son, of Oklahoma City, were the guests of their old friend J. W. Duckworth this week, stopping off on their way to San Diego. Mr. Garrison, who was formerly sheriff in Oklahoma city, purposes to locate in Southern California, and will return here later to give this section more careful attention.

## THE PATHFINDING CADILLAC PUSHING ON TOWARD MEXICO

About the hardest occupation on earth is building roads. Anyone who single-handed has tried to clear a practical trail through the woods for even two hundred feet knows what blistering, back-aching effort it is. One only needs to watch the gangs at work on large highways to get a vivid idea of the difficulty of it. Chester Lawrence is a newspaperman by profession, and Telesphore J. Beaudet earns his living ordinarily by the shattering of California road-records and the demonstration of Cadillac invincibility. Neither one is especially fitted by nature to excel as a road-maker. Until a recent date, neither expected to have such an experience, not being listed in the rogues' gallery. But on their return from the trip they are now undertaking, to pathfind Pacific Highway from Los Angeles to Mexico, they will be qualified to give cards and spades to the college-graduate highway engineer. Ever since they left the beaten ways of the north, they have been alternately building roads, and getting their thirty-horse-power Cadillac to negotiate them. Not ideal roads, with camber, and drainage ditches, and oil-sprayed surfaces; merely roads, clearings extended laterally along the earth's surface that will permit of forward locomotion.

Two thousand miles have been covered by the pathfinders since they left Los Angeles. They are now forcing their way over the Sierra Madre mountains, the range which divides Mexico north-and-south, following a trail never before traversed by more than burros. It was necessary to follow the sea-coast down to Mazatlan before a break could be found in the mountain wall. outfitting and preparing for this hardest part of the run for two days, they turned to Tepic and entered the great hills. Engineers have told them repeatedly that they will never get their car through; but Lawrence and Beaudet had been informed, likewise, that they would never get as far as Mazatlan, so they are keeping right on. Once across to Guadalajara, the rest is comparatively easy. Only a few hundred miles run through the fertile plantations of the interior and Mexico will be reached and the gold medal offered by the Pacific Highway Association will be won.

Scripture proof will be given. Since Time is so important a feature in God's plans, as indicated in the prophetic periods, it is well for us to know our location on the "Stream of Time," that we may discern the things spoken and not be sleepy, but watching.

All interested in Scripture study are invited. Undenominational. No collection.

## EDIT—GRAND OPERA MEANS MU

Santa Ana is to be congratulated upon the industry and enterprise of Manager Ulm to which we are indebted for the appearance at the Grand Opera House, Wednesday evening, February 7th, of the Paris Grand Opera Company.

Towns the size of Santa Ana are seldom favored with grand opera of any kind; and when they are thus favored and the company is of such excellence as the Paris Grand Opera Company, and the opera presented of such attractiveness as "Lakme" there is cause extraordinary for commendation and congratulation.

"Lakme" is very similar to "Madam Butterfly," the scenes being laid in India instead of in Paris.

Mr. Fred Rafferty of this city saw "Lakme" while in Europe recently, and he says it is fully the equal in artistic beauty and musical excellence to the famous Paris creation.

Through the enterprise of the present management of the Grand Opera House, which has reached its acme in the presentation of "Lakme," Santa Ana is rapidly realizing itself culturally. The outcome of the present policy of the management of The Grand must inevitably result in the building of a modern new opera house in this city, probably in combination with the much-needed new hotel. Why not?

## SWINGING TO ROOSEVELT

There can be little doubt that Roosevelt sentiment is growing in volume and strength in California. The Register's suggestion months ago that California is for Roosevelt and that Roosevelt will accept the nomination has called for or at least been followed by expressions of opinion to the same effect from such papers as the Santa Barbara Independent, Redlands Facts, Riverside Enterprise, Riverside Press and others. The Riverside Press has gone so far as to write a strong editorial favoring Roosevelt and urging his support by Californians. And now comes the enterprise giving an account of the organization of a Roosevelt Club in Riverside. The Enterprise has been boasting the La Follette boom, but now it says of the Roosevelt Club:

"Plans are not ready for publication, but steps are being taken to form an association of citizens who want the former president to occupy the White House again. Within a few days the idea will have gained such headway that the roster will be opened for signatures."

"Is Roosevelt the choice of Riverside county voters?"

"Riverside is mainly Republican. Most of the voters are of that party. According to the last state election, most of the Republicans are progressives. So are most of the democrats."

"The Socialists, who are not to be despised as a political factor in Riverside county, are forward citizens. However, one may differ with their economic views, it cannot be denied that they have their eyes to the front."

"But their tenets forbid them voting for candidates of any other party than their own. Therefore, in the election of president, the Socialists will not count except as more of them leave the Democratic or Republican ranks."

"La Follette has a strong following here. He is a candidate for the Republican nomination. Roosevelt is favorable to him. Roosevelt is not a candidate. He has said so a dozen times. He will take the nomination if the Republican convention hands it to him. He will take no steps to get it. At the same time a powerful group of Republicans are urging Roosevelt."

"Probably within the next week or so developments in the east will show whether La Follette has the strength to keep on with his canvass. The Enterprise believes that he has. Yet the will of the people is, after all, in these days not to be denied, and if Roosevelt becomes again the popular idol he was before he went to Africa, nothing can stop his nomination."

"It is interesting to read the political news from the east and see how the pendulum swings between the Republican leaders."

**TEXAS READY FOR BUSINESS**

So Notifies War Department Which Warns Mexico to be Careful

WASHINGTON, Feb. 3.—Mexico City dispatches say forty-three Americans were aboard the Mexican Central train captured by the rebels twenty miles south of Juarez; that Ambassador Wilson has demanded the Mexican government to assure their safe conduct to the border.

The State Department has formally demanded Mexico to locate C. Robinson, an American engineer, who is missing, and believed to be a prisoner since the rebel raid at Cuernavaca on Monday. Dispatches say the revolution is rapidly spreading.

**MEXICO WARNED BY WAR DEPARTMENT PROTECT BORDER**

WASHINGTON, Feb. 3.—Secretary of War Stimson ordered General Duncan, the commander of the Department of Texas, to utilize three thousand troops at his command to maintain order along the border. Positive orders are given to permit no menace to American property or life.

WASHINGTON, Feb. 3.—The war department has issued a warning to Mexico that another "maneuver camp" may be established on the border line.

This action was taken as a result of messages from Governor Colquitt of Texas. Three thousand men at various Texas posts have been ordered to be held in readiness for action. The message from Gov. Colquitt said:

"My advices indicate serious disturbances at Juarez, opposite El Paso. I have disbanded the extra ranger force, as per your suggestion. I ask that you give directions to the war department to protect the citizens of Texas from the firing of Mexican bandits. I ask that you give notice to the neutrals and Mexican government that they must not shoot into El Paso as they did at the last battle of Juarez."

"If necessary I will take drastic steps to prevent this recurrence. Please advise me."

The message from the governor is construed here to mean that if Mexican bullets continue to come into the United States territory, Texans will cross the border themselves and stop the fighting, whether the act is a breach of neutrality or not.

The appeal from the governor has been communicated to President Madero and it is expected that he will have to retake Juarez and prevent an international clash.

Between three and four thousand American troops are now along the border, and they will all be put upon patrol duty, as they were in the previous revolution.

**TRYED TO LIBERATE PRISONERS AT CHIHUAHUA**

EL PASO, Feb. 3.—Former Maderista soldiers at Chihuahua yesterday revolted and fought to liberate four prisoners in the state penitentiary. After the battle the rebels sent an emissary to Gov. Gonzales.

Edward McLean Ends Row by Agreeing to Pay \$260,000 for Famous Gem

WASHINGTON, Feb. 3.—The wrangle over the famous Hope diamond is at an end today. Edward McLean, son of John R. McLean, publisher of the Washington Post, having agreed to pay approximately \$260,000 for the gem.

Now that the difficulty incident to the purchase of the diamond has been settled, Mrs. McLean will wear the 44½ karat beauty at various social affairs at which she expects to entertain official Washington this winter, the first one of these being a reception to the Russian ambassador.

McLean's suit with the jeweler who acted in the purchase started when Mrs. McLean was alleged to have worn the stone to the theater and to have repudiated an alleged contract for its purchase. In settling with the jeweler McLean is said to have agreed to purchase the stone on the installment plan, trading in an emerald and a diamond necklace, and making an initial payment of \$100,000.

Santa Monica Bay Section Sustains \$10,000 Loss From High Tides

VENICE, Cal., Feb. 3.—The entire south and west beach line of Los Angeles county is preparing today to repair damage caused by the highest tides of the season, which reached a climax Friday afternoon.

According to authoritative reports, damage aggregating \$10,000 was suffered as the result of the annually recurrent heavy swells.

The Standard Oil Company at El Segundo was the heaviest loser, 400 feet of its new pier being washed away. Much valuable machinery was submerged, but it was believed that it could be recovered.

Manhattan Beach, Venice, Redondo and Santa Monica suffered varying damage.

**FEAR OF RABIES IN OLINDA CASE**

Anaheim Plain Dealer: The daughter of Mr. and Mrs. Dan Kearns, of Olinda, was bitten Monday evening by a stray dog. Search was made for the animal and it was found Tuesday morning in a field, where it attempted to bite those who tried to capture it. It was killed and the head sent to the Anaheim Sanitarium for examination for hydrophobia. Report from the sanitarium is anxiously awaited in the community.

Since the above was written the Sanitarium physicians have ordered the little girl under treatment. Examination of the head of the dog did not definitely establish the presence of hydrophobia, but it left it open to question. Had the dog been kept alive and under observation, absolutely accurate determination could have been made. As it was, there may not have been time for the development of the germs to a point enabling their distinction, but the danger of infection and development in the bitten child would still exist. Her treatment is therefore a matter of taking no chance. If there is infection, it will be killed; if there is none no harm will have been done by the treatment.

## AT THE COURT HOUSE

**"The Good Clothes Store."****COUNTY WINS THE CONTEST**

Ben Sherman Given Probation With Seven-Year Sentence Hanging Over Him

In the superior court yesterday afternoon the county won a decision in the contest in the estate of Miguel Krashewski, and the estate was ordered distributed.

Krashewski was an old-timer at San Juan Capistrano, and was known all over the county as Old Mac. For years he ran the San Juan Hot Springs. The last few years of his life he was helpless and a charge of the county. The county put in a bill to Public Administrator Winbiger, who had charge of the estate, for \$312 for the care of the man for the last two years.

Administration was contested by a granddaughter of Krashewski who lives in Los Angeles, but Winbiger maintained his letters. The daughter then contested the county's bill, and that came up for hearing yesterday afternoon. Judge West ruled that the charge was a proper charge, and it was ordered paid. Williams and Rutan represented the administrator.

The residue of the estate, about \$150, goes to the daughter in Los Angeles.

**GIVEN PROBATION**

Ben Sherman was given probation by Judge West yesterday. Sherman pleaded guilty several days ago to passing a worthless \$22.50 check at Fullerton. Yesterday he asked for probation. Rev. W. F. Harper testified that he knew Sherman's family. Sherman's father is a federal court commissioner in Kansas. R. J. Hamilton, county secretary of the Y. M. C. A., testified to the man's good family.

Sherman said he was drinking when he passed the check. By occupation he is a marine plumber. He is a college graduate. The terms of his probation are that he shall refrain from drinking any kind of intoxicating liquor. He must report to the probate officer of the county at periods stated by the court. A sentence of seven years in San Quentin is hanging over his head.

**DIVORCE ACTIONS**

Dr. F. Parker, dentist, had to get an attorney. He filed his suit for divorce appearing as his own attorney. The wife replied with a demand for \$100 a month alimony, \$500 attorney's fees and \$50 costs, with Wellborn & Wellborn of Los Angeles as her attorneys. When the motion for money came up yesterday, Dr. Parker had Attorney G. L. Sanders of Los Angeles on hand to represent him. The result of the hearing was that Dr. Parker was ordered to pay his wife \$50 a month pending the outcome of the suit. It was agreed that \$100 attorney's fees should be paid.

An interlocutory decree of divorce was given Ella Casselle against Alonso R. Caselle. The hearing was yesterday afternoon.

**WILL IS FILED**

The will of Martha A. Bowland, who died Jan. 8, was filed for probate today by Attorney Daniel & Daniel. The estate of \$20,000 is left to the widow, J. P., to go to the children on her death.

**SUIT ON A NOTE**

Suit on a note for \$1650 was brought today by the First National Bank of Orange against W. A. Zimmerman. The note was given the Orange City Garage on May 7, 1911, and was transferred to the bank. Hartwick and Tarver are attorneys for the plaintiff.

Editor of Register:

The criticism of my article by Mrs. Hubert in your issue of Jan. 26, is noted. The proposition still remains that the Socialist claims should be investigated. Every man and woman should study our political problems and stand for right principles.

I still urge that every one who possibly can, attend the socialist lectures and meetings. We all want the best and should investigate so as to adopt the best.

## AT THOMPSON HOME

Bride and Bridegroom Open New Residence to Merry Party of Friends

Whenever a wedding occurs among Uncle Sam's employees of the Santa Ana postoffice, a festivity is sure to follow within a short time. Following honorable precedent, Mr. and Mrs. Joe Thompson, recently wedded, Mrs. Thompson having been Miss Winifred Reid, entertained most pleasantly last night at their new home, 419 West Walnut street.

The guests were the members of the postoffice force and families, and a merry time was had with guessing games all of which related in some way to the mighty postal service and the postoffice.

There were some forty people present at last night's merry-making, and they all particularly enjoyed the arrival of a certain moment when the newly married couple were presented with a handsome clock, the gift of the "force," which it was hoped would tick off many happy years for Mr. and Mrs. Thompson.

The host and hostess served delicious refreshments at the close of what had been a delightful evening.

Those present besides the host and hostess were Messrs. and Mesdames Torrens, Stedman, Crandall, Alexander, Ditchey, Vogt, Sinans, Wilson, J. P. Thompson, Temple, Harvey Schrock, Severance, Mrs. L. C. Birt, Mrs. V. B. Harris, Mr. Elmer Thompson, Martin Warren.

## Noon Luncheon

Mrs. E. B. Cook was the hostess yesterday to an elaborate four-course 12 o'clock luncheon.

Those invited were Rev. Otto Russel and wife, Lou Hickox and wife, Mr. and Mrs. C. E. French and sister, Judge Z. B. West and wife, Mr. and Mrs. H. H. M. Reeves, Mrs. L. C. Skinner and Mrs. Ella Fife.

## Brotherhood Dance

Last night at the regular dance of the Fraternal Brotherhood about thirty-five couples enjoyed themselves to the fullest extent.

Sidney Perluss and Miss Lora Buchanan furnished music for the occasion and it was said on all sides that they never played better.

Two weeks from last night the supreme vice president, Mrs. Nudig will visit the lodge, an open meeting will be held, and a short program will follow.

All members and their friends and relatives are cordially invited to be present.

Master Chauncey Huff's Little Friends Joined Him in Merry Celebration

Yesterday was Chauncey Huff's birthday, so mother, Mrs. D. Eymann Huff, invited twenty of his little classmates to come to his home on Washington avenue and help him celebrate the event.

Music and children's games, including drop-the-handkerchief, blind man's buff and hide-and-seek, made the time fly, and at the close of the delightful afternoon, assorted candies, ice cream and cake were served to the young people. Master Chauncey was the recipient of many gifts to remember his birthday by.

The following children were the guests: Lester Nelson, Virginia Russell, Franklin Adams, Florence Rogers, Gertrude Huston, Kathleen Tucker, Beatrice Anderson, Mary Burns, Malcolm Kroll, Lillian Humphrey, William Whitson, Charles Krammar, Alice Wasser, Mary Woodward, Doug as Keech, Madeline Keech.

## Wester-Wilson

Miss Blanche Wilson of Appleton, Wis., who has been in Santa Ana for the past month, was married Thursday evening at five o'clock at the home of her sister, Mrs. John Fotheringham, 1047 West Fifth street, to Lou James Wester of La Habra.

The bride was gowned in a white tailored serge suit, this also being going away gown, a picturesque big black hat completing it as a traveling costume. Miss Nettie Wilson, of Riverside, a sister of the bride, attended her, and her cousin, Charles Hart, was best man.

The ring ceremony was used and was spoken in the presence of a company of probably fifty friends and relatives. There were guests present from La Habra, Whittier, Los Angeles and Santa Ana. Many beautiful gifts were received, and after these had been viewed and congratulations spoken, the company enjoyed delicious refreshments. Mr. and Mrs. Wester went to Los Angeles and other points for a brief wedding trip, and will later return to La Habra where they will reside. Mr. Wester is a nurseryman of La Habra.

# Santa Ana Celebrates S. A. H. S. Commencement

Potted plants, flowers and greenery beautified the assembly hall of the Santa Ana High School last night in honor of the graduation of the 12A Senior class, consisting of Mabel Burr, Edith V. Brown, Fabius Orin Daniels, Letitia Livesey, Elizabeth Paine, James Robert Paine, Jr., Richard Lynn Shrewsbury, Eileen Tubbs, Hazel Aline Waite, William George Wollaston.

Preceding the exercises which mark the twenty-fourth commencement of Santa Ana High School, the graduates and those who took part in the exercises of the evening, entered the auditorium in impressive procession headed by Prof. Ratcliffe, the class teacher. The students followed, and after them came the orator of the evening, President James A. Blaisdell of Pomona College, and the others. Seats reserved for the students were partitioned off by ribbons in the class colors, purple and gold. On the platform were seats for the orator of the evening, Superintendent of City Schools J. A. Cranston, who presided; Principal W. A. Bartlett, Rev. Chas. H. Seccombe, and the members of the Board of Education.

One of the pleasant features of the commencement, not scheduled on the program, was the presentation by Principal Bartlett of a gold pin to Robert Paine for excellence in debate.

President Blaisdell, who spoke in a conversational yet direct and incisive style, addressed the graduates in sincere and telling words, his subject being "A Look Backward and Forward." He called the attention of his youthful hearers to the fact that in early years they acquired a vocabulary which in later life were required to use technically, and to learn the real meaning of in a broad sense. So, he said, it is with life and education. That learned in school, must later be translated into life's activities.

One of the striking features of President Blaisdell's address was his analysis of such words as "law," "liberty" and "life," saying that the great meaning of these words and their like must be really learned in the school of experience by living them. The address throughout was of consistently high character and most impressive in the lessons it sought to convey.

## "The Barrier"

Rex Beach, author of "The Barrier," says, "Find a Beachian here it isn't a handsome, broad-shouldered, big and 'red blooded' specimen of masculinity. They eat well, they fight well and love well, do these heroes of Mr. Beach's creation, and their 'red blood' tingles all the while."

The story of "The Barrier" revolves around a reversal of that old question: "Shall the girl marry the Indian?"

The question in "The Barrier" is: "Shall the hero marry the Indian?" Of course, she isn't exactly an Indian, the heroine. She is a half-breed, that is, the hero thinks she is, until the last chapter in the book and the last act in the play. The author settles everything beautifully by revealing to the hero that she is "as white as her soul."

The cast chosen to delineate the different characters could scarcely be better. With such well known and reputable artists as Norval MacGregor, Eleanor Haber, Lee Miller, George Cleveland, Mattie Hyde and Max Steinle, "The Barrier" will be presented in an exceptionally able and capable manner.

### HILL'S CORNER

Has been looking into the proposition submitted to our Chamber of Commerce and other interested parties by Mr. Hatfield, wherein he agrees that if it rains to the amount of six (6) inches during the month of February, he is to be paid three thousand (\$3000) dollars and if it don't rain so much as that he will not charge us a darned cent.

Now, we can readily see where Brother Hatfield gets off, but we can't see where our dividend comes in.

In on respect it is, eminently, a fair proposition and there can be no misunderstanding its terms, but we believe that it will be cheaper to trust in Providence and irrigating pipe.

We admit that we may be biased in our conclusion, because we have some irrigating pipe to sell, and as most everyone knows that our pipe is better and stronger than any other pipe offered on this market (everybody else will soon find out) we are now sold seven days ahead. Get your orders in early.

### LOS ANGELES PRODUCE MARKET

Trading on the vegetable market was brisk. There was a general scarcity of vegetables and the market showed firmer. The exception was cabbages, which were inclined to be weak under liberal receipts and an indifferent demand; the best stock sold at the outside figure of \$1.15 a sack. Mexican tomatoes were in good demand and only extra fancy stock sold around the \$2 mark. The prevailing price on the street was \$1.50 to \$1.65 a crate. Cauliflower moved well from \$1 to \$1.25 a crate. Peas were held at from 7 to 8 cents per pound.

Only a fair amount of business was transacted in the fruit market.

Apples were the center of attraction along this line. The warm weather has increased the demand for this fruit and dealers are upholding prices on their stock. The first Ben Cap apples arrived and were put on the market at \$1.50 for the 4-tier size. They met with a good call at that figure. Rome Beauties, which were rather scarce and always in good demand were quoted higher at \$2.50 a box. Pomegranates were in fair demand at \$1.25 a box.

Navel oranges and tangerines were in good demand in the citrus fruit market. The best fancy navels were held at \$2.50 a box. Tangerines sold from 90 cents a lug up.

A demand from Montana for fresh eggs caused an advance of 1 cent here. Candied selects sold at 30 cents and case counts at 26 cents per dozen. Storage stock was unchanged. Receipts were 477 cases.

The butter situation was unchanged. There was a good demand for lard butter. The market generally was firm to steady. Arrivals were 21,208 pounds.

No onion arrivals were reported in. The market was firm.

The bean market was firm, under light receipts and a growing demand. Pink beans were best in call. Receipts were 437 sacks.

The sweet potato market continued firm. The demand is increasing for this commodity. Dealers are buying all the stock in sight and the stock is moving freely at quoted prices. Arrivals were 261 sacks.

Dragon Cashed Check for  
Shifty Stranger With Reg-

A forger was in Santa Ana Monday evening and got away with \$8.70 of the Register's money. He put through another check whereby he got \$2.15, and he went on to Los Angeles, where a trail of bad checks indicate that he is still in the dangerous game.

The Bank of Oceanside is the bank that is sending back the checks left by the nifty-penned fellow. He appeared at Oceanside several days ago, and rode around looking at real estate. Just by way of showing his confidence in Oceanside real estate, he decided to buy a large chunk of it, and he deposited a \$500 check on the Citizen's Savings Bank of San Diego as first payment. The man evidently expected to make a good-sized haul and his nerve failed him. He left Oceanside off with a few small checks, none of them being over \$10.

He then arrived in Santa Ana. At least two checks passed by him in Santa Ana have been turned down.

at Oceanside. Monday evening after the office had closed, the man walked into the Register office and wanted to put an ad. in the paper.

At the time the only employees in the office were August Ewald and Eddie Benedict, pressman and assistant pressman.

The man proceeded to write out an ad. for the sale of some real estate at Oceanside. He said the ad. was for E. S. Payne of that place. He presented a check for \$10 payable to the Register. Since the front office force had gone, Ewald and Benedict endorsed the check with him and the Dragon cashed it. The man gave Ewald \$6.30 for the ad. and pocketed the change, \$3.70. The name signed was that of E. S. Payne, who he said had given him authority to spend up to that amount in advertising. Yesterday the Bank of Oceanside notified the First National Bank of Santa Ana that the check was a forgery.

Payne on the telephone today stated that the worthless checks are still coming in. One came from Los Angeles this morning. He gave the man no authority to sign his name.

The man has used several names, among them being D. N. Mathews.

The hero of the occasion is Eddie Benedict. Eddie thought the man might be crooked, and while Ewald was adjusting matters with the man, Eddie was sizing him up and writing out his description on a card. Here is the report of his detective work: "Black Derby; white collar; kind of a gray overcoat; blue stick-pin; about 5 feet 8 inches tall; smooth shaven; light-brown hair; dark eyes."

When told about this circumstance, the officers at the courthouse declared Eddie has a nose for detective work.

for their part when compared to the cutaway of capital required in transportation. The roads further allege that in many instances lemons have been hauled from California at an actual loss.

The roads make the further claim that if the dollar rate is allowed to be maintained, many suits will be filed by shippers, the claims aggregating many millions of dollars.

It is pointed out that last year the Santa Fe's earnings fell short by more than \$2,500,000. The total net decrease in Union Pacific's operating revenue for the first six months of the last fiscal year, including taxes, was stated as more than \$2,000,000, while the Southern Pacific's total decrease for five months ending November 30 last, was more than \$750,000.

## PRINTER RICHARDSON SAVES PUBLIC FUNDS

(From Stockton Record.)

Walter N. Parish, chief clerk of the Senate, returned to his home last evening, having remained over in Sacramento several days in order to finish up all matters connected with the recent session of the legislature. Mr. Parish brought with him the expense bills incurred by the special session, and in checking over and comparing the bills of the state printing office, finds that the sum of \$20,000 was saved under the administration of State Printer Richardson, over and above what would have been expended under the same method and standards of cost that prevailed under former State Printer Shannon. This simply serves to show the result of economy and system under the new order of things.
